Dear Sir

On behalf of the Trustees of the Barker Mill Family Trust I would be grateful if you could consider the following:

The continuing very real concerns about the potential loss of the future capital freehold value of the fishery as stated in our statement of case continue to be a very real threat.

I have closely followed the intense negotiations that LRM have had with SW and the EA and I fully endorse their position as detailed on LRM's attached submission. The Trustees have made a significant capital investment in the fishery infrastructure in the recent past and the Trustees support their long term tenant to maintain a viable fishery business.

Yours faithfully

Simon Barker
