

Remitted Part of the Site Allocations Plan Examination

Addendum to the Schools Background Paper (EBREM9/2)

Leeds Local Plan
October 2021

Addendum to the Schools Background Paper (EBREM9/2)

Please note that the calculations in this Background Paper were carried out using the same methodology and align with the process set out in Appendix 2 (Schools Background Paper) of the Infrastructure Background Paper (CDR1/35a). In line with the approach used in the SAP Infrastructure Delivery Plan (CDR1/35a), the Council has considered the impact of the Main Modifications against the most recent demographic position per Primary Planning Area, based on NHS data of children aged under 5.
